

MSDNAA Enrollment Verification Form

Every student who wishes to obtain and use software under the MSDNAA agreement must provide verification of enrollment in one or more Computer Science Department class(es). They must also have a demonstrable need for the software as relates to the class in which they are enrolled. Students must have a copy of this form completed before making a software request. No software will be released to any student who has not completed a verification form. Students will only be allowed to obtain one software title at a time and will only be allowed to obtain additional titles upon the return of previously checked out CDs. Students must agree to abide by all Microsoft licensing rules and regulations to obtain any of the MSDNAA software CDs. Copying or redistributing any MSDNAA software is strictly prohibited. This form, and any CDs checked out, must be returned to the Systems Manager in Nicks 475. Failure to return a CD will result in the revocation of your privilege of receiving software under the MSDNAA.

Printed student name: _____

Class currently enrolled in (ex: CSCI 4417): _____

School year and semester (ex: 2001/Fall): _____

Software title requested: _____

Student signature: _____

Student release of E-Mail address (if requesting download access): _____
